globalization and sovereignty -
cambridge core sovereignty and the sovereign state are often seen as anachronisms; globalization and sovereignty challenges this view. jean l. cohen analyzes the new sovereignty regime emergent since the 1990s evidenced by the discourses and practice of human rights, humanitarian intervention, transformative occupation, and the un targeted sanctions regime that blacklists alleged terrorists.

jean l. cohen. globalization and sovereignty. rethinking while cohen repeatedly refers to her descriptive/prescriptive account of the international governance system today as a ‘dualist sovereignty regime’, most of the book’s engagement with sovereignty is taken up with explaining and defending one aspect of this dual sovereignty, i.e., the importance of the continued sovereignty of states as political
communities. It is more difficult in the book to find an explanation and defence of the idea of the sovereignty of the "global level" or globalization and sovereignty: rethinking legality. Sovereignty and the sovereign state are often seen as anachronisms; globalization and sovereignty challenges this view. Jean L. Cohen analyzes the new sovereignty regime emergent since the 1990s evidenced by the discourses and practice of human rights, humanitarian intervention, transformative occupation, and the untargeted sanctions regime that blacklists alleged terrorists.

*international human rights,*

*sovereignty, and global* the legalization of international human rights norms and the globalization of human rights discourses challenge the way we think about sovereignty, legitimacy, and international law. the international human rights regime that began after world war two, blossomed in the mid-1970s and took on new force after 1989 has led some cosmopolitan moral and legal
theorists to conclude that the sovereignty and external legitimacy of governments should be considered contingent on their being both

*globalization and sovereignty.*

*rethinking legality* jean cohen’s globalization and sovereignty is the most comprehensive treatment that i have read of pluralist constitutionalism at a global level. the work is inspired by the awareness, on the one hand, of problems of legitimacy that relate to the operation of international governance bodies, and, on the other, of the dangers of capture of international projects by specialized interests.

*jean l. cohen - wikipedia* cohen has been associate editor of the journals telos, constellations and dissent. she was elected one of the three editors in chief of constellations in may 2014. her current projects concern rethinking state and popular sovereignty in the epoch of globalization, as well as
defending the law-making capacities of secular polities from religiously motivated legal pluralism.
